

Apply Kiosk Profiles

Last Modified on 07.07.23

View Applied Profiles

The Applied Profile Status Tool shows profiles already applied to a device or device collection.

To view the profiles applied to a device or device collection:

1. In your Configuration Manager console, right-click on a device or device collection.
2. Navigate to **Kiosk Manager > Applied Profile Status**.

Apply a Kiosk Profile

The Apply Profile dialog allows users to select an existing kiosk profile for deployment.

To apply a profile to a device:

1. In your Configuration Manager console, right-click on a device or device collection.
2. Navigate to **Kiosk Manager > Apply Profile**.
3. Select the profile to apply and click **Next**.
4. Choose to **Deploy Immediately** or to **Schedule Deployment**.
5. If you are scheduling the deployment, enter a **Task Name** and select a **Start Date** (required) then add an optional **End Date** or **Repeat Interval**.

Kiosk Manager - Apply Profile to 1 devices

Apply Profile

Choose the schedule with which to apply the profile. Note that devices will reboot once the profile is applied.

☐ Deploy Immediately

☒ Schedule Deployment

Start Date*

Task Name*

End Date

Repeat Interval (dd:hh:mm:ss)

NOTE: Scheduled actions require [Recast Management Server with Recast Proxy](#) .

6. Click **Finish**.

Remove a Kiosk Profile From a Device

Removing a kiosk profile stops it from being applied to a device. This function does not delete the profile. You can choose to immediately remove a deployed profile or schedule a removal date.

To remove a profile from a device:

1. In your Configuration Manager console, right-click on a device or device collection.
2. Navigate to **Kiosk Manager > Remove Profiles**.
3. Select the profile to remove and click **Next**.
4. Choose to **Remove Immediately** or to **Schedule Removal**.

Kiosk Manager - Remove Profiles from 1 devices

Remove Profiles

Choose the schedule with which to remove Lab Manager profiles. Note that devices will reboot once the profiles are removed.

☐ Remove Immediately

☒ Schedule Removal

Start Date*

Task Name*

End Date

Repeat Interval (dd:hh:mm:ss)

NOTE: Scheduled actions require [Recast Management Server with Recast Proxy](#).

5. Click **Finish**.

View Scheduled Tasks

The Scheduled Tasks Tool shows which Kiosk Manager profiles are scheduled for deployment.

To view scheduled tasks:

1. In your Configuration Manager console, right-click on a device or device collection.
 2. Navigate to **Kiosk Manager > Scheduled Tasks**.
-

View Scheduled Task Results

The Scheduled Tasks Results Tool shows the status (**Success** or **Failed**) of each previously applied kiosk profile.

To view scheduled tasks results:

1. In your Configuration Manager console, right-click on a device or device collection.
 2. Navigate to **Kiosk Manager** > **Scheduled Task Results**.
-
