

Install Right Click Tools Community Edition

Last Modified on 01.16.25

Before downloading and installing Right Click Tools Community, make sure that the basic [system requirements](#) for its implementation are met.

For a guide to installing Right Click Tools for Intune, see [Install Browser Extension for Right Click Tools Community Edition](#) .

Download Right Click Tools Community

To access the Right Click Tools Community Edition:

1. If you don't already have your free Recast Software account, create it at recastsoftware.com/free-tool-download. In response, you can expect to receive an email from registration@recastsoftware.com containing a link to verify your account.
2. Log into the [Recast Portal](#) with your Recast Software credentials.
3. Download the Right Click Tools Community Edition and your Community license.

When installing Right Click Tools for the first time, you can [request a trial of the Enterprise tools](#) .

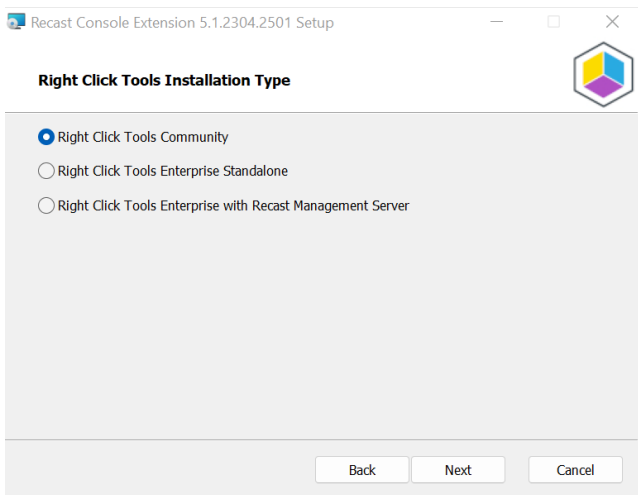

Check out the [difference between the Community and Enterprise editions of Right Click Tools](#) .

Run the Right Click Tools Installer

After downloading Right Click Tools Community from the [Recast Portal](#), run the installer. Close all Configuration Manager consoles before installing.

To install Right Click Tools Community:

1. Double-click the .msi file to open the installer.
2. Click **Next**.
3. Choose **Right Click Tools Community** as the installation type and click **Next**.

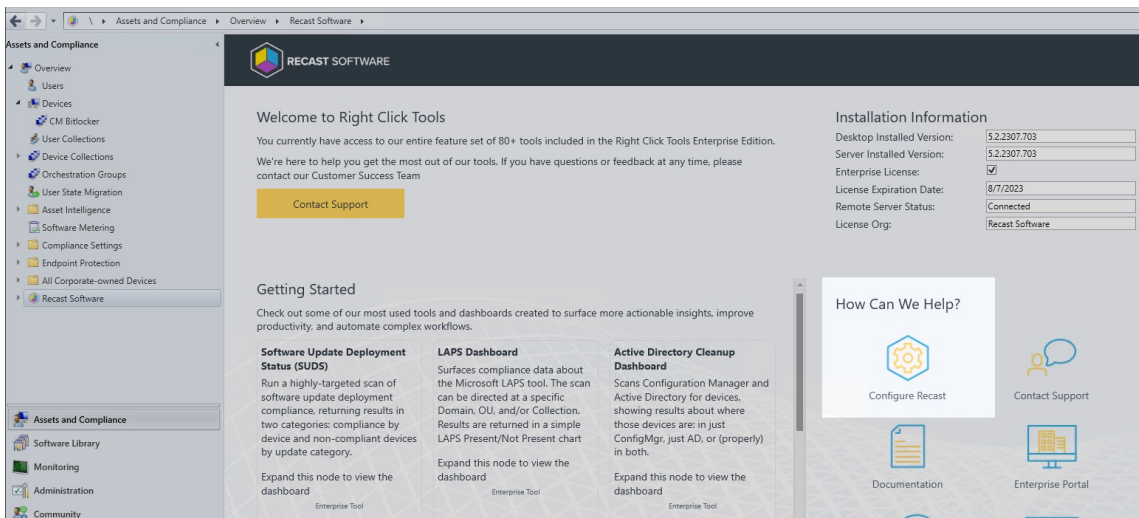

4. On the **Right Click Tools Community** page, click **Install**.
5. When the installation completes, click **Finish** to exit the installer.

A **Recast Software** folder will appear in your Configuration Manager console's navigation panel.

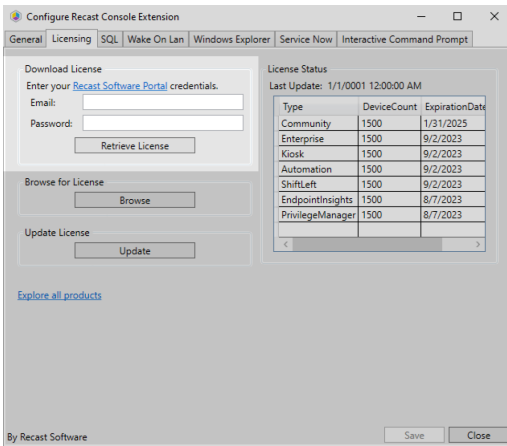

Add License to Configure Recast Console Extension

To add your Recast license file to the Configure Recast Console Extension application:

1. In your Configuration Manager console, navigate to **Assets and Compliance** > **Recast Software**.
2. Click **Configure Recast** in the 'How Can We Help?' section.

3. Open the **Licensing** tab.
4. In the Download License section, enter your Recast Software Portal credentials.
5. Click **Retrieve License**.

TIP: If you downloaded your license from the [Recast Portal](#), you can retrieve it using the **Browse** function.

6. If the Configuration Manager console is open during license retrieval, restart the console.

Update a License

If you manually copied the downloaded license file to `C:\ProgramData\Recast Software\Licenses`, clicking the **Update** button will load the newest license file in that folder without having to close and reopen the Configuration Manager console.

To update a license in the Configure Recast Console Extension application:

1. Open the **Licensing** tab.
2. In the Update License section, click **Update**.
