

Ping System(s)

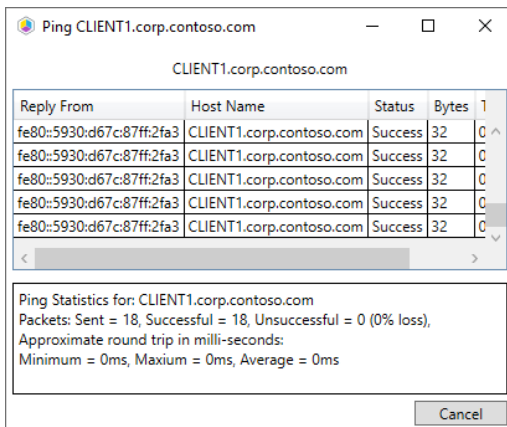

Last Modified on 05.06.25

The **Ping System(s)** tool sends an ICMP Echo request. This tool can be run on single devices and multi-selected devices.

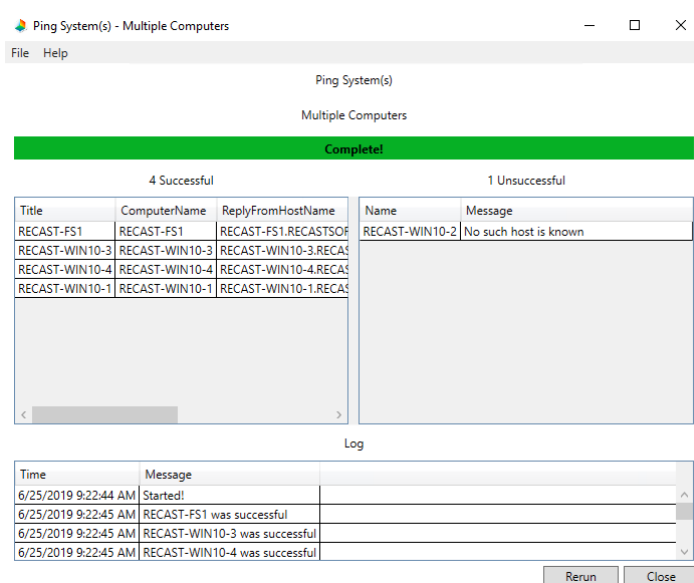

To run the tool:

1. Right-click on a device.
2. Select **Right Click Tools** > **Console Tools** > **Ping System(s)**.

Running the action on a single device opens the following window:

Running the action on multiple devices opens the **Multiple Computers** window:

Recast Permissions
