

Upgrade to Right Click Tools Enterprise Edition

Last Modified on 03.10.26

When you upgrade from the Community Edition to the Enterprise Edition of Right Click Tools, you don't need to reinstall the application to apply your enterprise license. We recommend connecting Right Click Tools to Recast Management Server, the centralized web interface for Recast Enterprise products, to take advantage of [its features](#).

To access the functionality of the Standalone Edition of Right Click Tools Enterprise, there's no need to install additional Recast components, but you will have to download your Enterprise license. See [Upgrade to Right Click Tools Enterprise Standalone](#).

Upgrade to Right Click Tools Enterprise with Recast Management Server

If you are upgrading from the Community Edition to the Enterprise Edition with Recast Management Server, you'll need to install Recast Management Server with Recast Proxy, connect Right Click Tools to RMS, and upload your Right Click Tools license to the **Licenses** page in the RMS interface.

Upgrade Workflow

1. [Install Recast Management Server with Recast Proxy](#).
2. [Connect Right Click Tools to Recast Management Server](#).
3. [Upload your Enterprise license to Recast Management Server](#).

Connect Right Click Tools to Recast Management Server

You can add your Recast Management Server URL in the Configure Recast Console Extension application.

To open the Configure Recast Console Extension application, open the Windows Start menu and select **Configure Recast Console Extension**.

TIP: You can also access the Configure Recast Console Extension application from your Configuration Manager console by navigating to **Assets and Compliance > Recast Software** and clicking **Configure Recast** in the 'How Can We Help?' section.

To add your Recast Management Server URL:

1. On the **General** tab, enter the **Recast Management Server** URL, including `https://` at the beginning.

Recast

2. Click **Save**.
3. If any Configuration Manager console is open, close and reopen it.

The **Installation Information** section will show your **Remote Server Status** as 'Connected'.

The screenshot shows the Recast Software interface. On the left is a navigation menu under 'Assets and Compliance' with items like Overview, Users, Devices, User Collections, etc. The main content area has a 'RECAST SOFTWARE' header. Below it is a 'Welcome to Right Click Tools' message with a 'Contact Support' button. On the right, the 'Installation Information' section displays the following details:

Field	Value
Desktop Installed Version:	5.7.2412.604
Server Installed Version:	5.8.2501.1312
Enterprise License:	<input checked="" type="checkbox"/>
License Expiration Date:	9/14/2025
Remote Server Status:	Connected
License Org:	Recast Software

Upload Licenses to Recast Management Server

Once you've connected Right Click Tools to your Recast Management Server, you can upload your licenses to RMS. Licenses are available from the [Recast Customer Portal](#).

The screenshot shows a table titled 'Licenses' with an 'UPLOAD' button in the top right corner. The table has four columns: License Type, Expiration, Status, and Device Count. It contains five rows of license data.

License Type	Expiration	Status	Device Count
Enterprise Kiosk Automation	Fri Sep 13 2024	Valid	2000
Enterprise Legacy	Fri Sep 13 2024	Valid	2000
ShiftLeft	Thu Sep 01 2022	Valid	1
EndpointInsights	Mon Aug 29 2022	Valid	100
Kiosk	Mon Aug 22 2022	Unknown	1
