

License Right Click Tools Enterprise Standalone

Last Modified on 01.16.25

You can download or copy licenses for your Recast Software products and components from the Recast Portal.

To locate your Recast licenses:

1. Log into the [Recast Portal](#) using your account credentials.
2. Click on the Download Licenses icon (the cloud) in any row to download a .zip file that contains all of your Recast licenses.

NOTE: For the Right Click Tools Community Edition, the Download and Download Licenses icons will only appear in the Community Edition row.

This table includes the most recent Recast Software product and component versions for active Enterprise subscriptions, as well as the current Right Click Tools Community Edition version. Download the file containing all your Recast licenses by clicking the Download License icon in any row.

NOTE: To install or update Privilege Manager or Application Manager, download the newest Recast Management Server version.

If your product licenses are not available via the Recast Portal, contact [Recast Support](#) or your CSM to have license files sent to you.

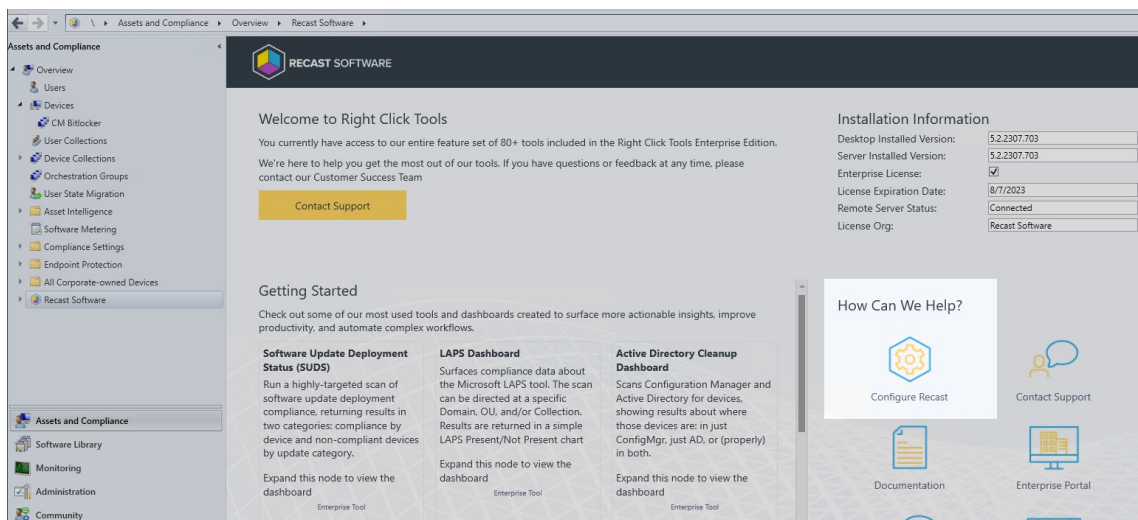

License Setup on a Computer With No Internet Connection

When you initially install Right Click Tools on a computer with no internet connection, make sure you download the license file to a location that is accessible from the computer with no internet access. Then use the **Browse** function in the Configure Recast Console Extension application (see below) to locate your downloaded license file.

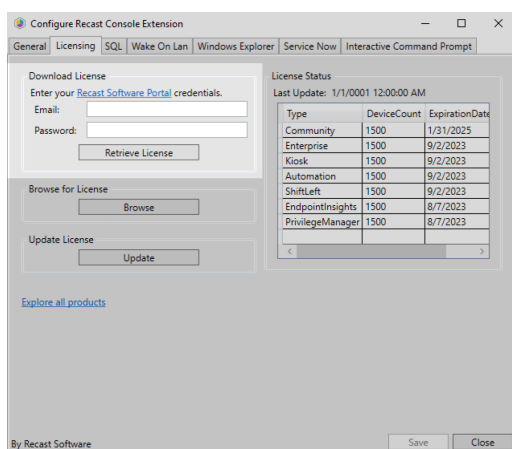

Add License to Configure Recast Console Extension

To add your Recast license file to the Configure Recast Console Extension application:

1. In your Configuration Manager console, navigate to **Assets and Compliance > Recast Software**.
2. Click **Configure Recast** in the 'How Can We Help?' section.

3. Open the **Licensing** tab.
4. In the Download License section, enter your Recast Software Portal credentials.
5. Click **Retrieve License**.

TIP: If you downloaded your license from the [Recast Portal](#), you can retrieve it using the **Browse** function.

6. If the Configuration Manager console is open during license retrieval, restart the console.

Update a License

If you manually copied the downloaded license file to `C:\ProgramData\Recast Software\Licenses`, clicking the **Update** button will load the newest license file in that folder without having to close and reopen the Configuration Manager console.

To update a license in the Configure Recast Console Extension application:

1. Open the **Licensing** tab.

2. In the Update License section, click **Update**.
