

Add a Group Rule

Last Modified on 03.01.23

To add a group rule:

1. On the **Group Rules** page, click **Add Group**.
 2. In the side panel that opens, select the **Target Group**.
 3. Select the **Local Group**, or add one, in the drop-down menu.
 4. Select the **Member** (Administrator, Temporary Administrator, Local Administrator), or add a local user, in the drop-down menu.
 5. Enable **Set validity end time**, if desired. Enter or select the expiry time.
 6. Confirm that the **Rule is active**.
 7. Click **Save**.
