

# Edit a Self-Service Rule

Last Modified on 06.18.24

To edit a self-service rule:

1. On the **Self Service Rules** page, click **Edit** to the left of a self service rule.
  2. In the side panel that opens, you can edit the following options:
    - **Type:** Deny/Allow
    - **Users:** Everyone/Domain user or group
    - **Target Group**
  5. Confirm that the **Rule is active**.
  6. Click **Save**.
