

# Install Right Click Tools Standalone

Last Modified on 03.24.25

---

## Right Click Tools Standalone Installation Workflow

Installing Right Click Tools Enterprise in Standalone mode provides a simplified implementation. For access to the product's full functionality, you can [add Recast Management Server to an existing installation of Right Click Tools Enterprise Standalone](#) at a later date.

Right Click Tools must be installed on the device where the Configuration Manager console is installed. When Right Click Tools is implemented in Standalone mode, it can run actions against devices located in the Configuration Manager console that are connected to a local network (directly or through VPN) or are connected via a Cloud Management Gateway. You can use the [Right Click Tools browser extension](#) to run Right Click Tools actions from within the Microsoft Intune Admin Center and other interfaces.

Recommended workflow for Right Click Tools Enterprise Standalone:

1. Make sure that the Right Click Tools [basic system requirements](#) are met.
  2. Download the Right Click Tools Enterprise Edition from the [Recast Portal](#). If you are installing on a Configuration Manager server that is not connected to the internet, click the cloud icon to download the associated license file.
  3. [Install Right Click Tools Standalone](#).
  4. [Add your license file to the Configure Recast Console Extension application](#).
- 

## Install Right Click Tools Enterprise Standalone

Before installing Right Click Tools Enterprise in Standalone mode, make sure [Basic Right Click Tools requirements and permissions](#) are in place. After installing the Right Click Tools console extension, we recommend that you [add Recast Management Server to your deployment](#).

Beginning with [Recast Software Version 5.9.2503](#), you can install Right Click Tools, add the [Right Click Tools browser extension](#), and run actions from within the Intune Admin Center on a device where no Configuration Manager console is present.

**NOTE:** When you enter your ConfigMgr site details during or after Right Click Tools installation (instructions below), you'll be able to run actions that require ConfigMgr information.

# Download Right Click Tools Enterprise

To access the Right Click Tools Enterprise Edition:

1. Log into the [Recast Portal](#) with your Recast Software credentials.
2. Click the blue Download icon to the far right of the Right Click Tools Enterprise Edition.

**TIP:** If you are installing on a device that is not connected to the internet, also click the cloud icon to download the associated license file to a location that is accessible from the device with no internet access. During installation, you'll use the **Browse** function to locate your downloaded license file.

## Recast Software

This table includes the most recent Recast Software product and component versions for active Enterprise subscriptions, as well as the current Right Click Tools Community Edition version. Download the file containing all your Recast licenses by clicking the Download License icon in any row.

NOTE: To install or update Privilege Manager or Application Manager, download the newest Recast Management Server version.

Name	Subscription Type	Version	Description	Upload Date	License Timeframe	Subscription Limits	Actions
Endpoint Insights	Endpoint Insights	5.9.2502.2105	Installs on your Configuration Manager server to create reports and an application for Recast Agent. Requires Recast Management Server (to collect warranty information), Recast Proxy, and Recast Agent.	Feb 24, 2025	Oct 30, 2024 to Nov 29, 2025	1500 devices	<a href="#">Download</a> <a href="#">Cloud</a>
Recast Agent	Right Click Tools	5.9.2502.2105	This Windows service runs as the local system. Agents installed on devices in your environment securely connect to Recast Management Server via Recast Agent Gateway. Used with Right Click Tools Enterprise, Endpoint Insights, and Privilege Manager.	Feb 24, 2025	Oct 30, 2024 to Nov 29, 2025	1500 devices	<a href="#">Download</a> <a href="#">Cloud</a>
Recast Agent Gateway	Right Click Tools	5.9.2502.2105	Securely connects Recast Management Server to Recast Agents. One Agent Gateway is required for every 20K Agents. The first is automatically deployed when RMS is installed. Used with Right Click Tools Enterprise, Endpoint Insights, and Privilege Manager.	Feb 24, 2025	Oct 30, 2024 to Nov 29, 2025	1500 devices	<a href="#">Download</a> <a href="#">Cloud</a>
Recast Management Server	Right Click Tools	5.9.2502.2105	This central hub for Recast Software products installs on a server of your choice. Required to access Privilege Manager and Application Manager, and for full functionality in Right Click Tools and Endpoint Insights.	Feb 24, 2025	Oct 30, 2024 to Nov 29, 2025	1500 devices	<a href="#">Download</a> <a href="#">Cloud</a>
Recast Proxy	Right Click Tools	5.9.2502.2105	This Windows service installs as part of Recast Management Server, allowing RMS to initiate actions that require a service account. Proxies can be added separately for other domains. Used with Right Click Tools Enterprise, Endpoint Insights, Privilege Manager, and Application Manager.	Feb 24, 2025	Oct 30, 2024 to Nov 29, 2025	1500 devices	<a href="#">Download</a> <a href="#">Cloud</a>
Right Click Tools Enterprise Edition	Right Click Tools	5.9.2502.2105	This console extension integrates context-specific tools, dashboards, and reports. Used with all Right Click Tools Enterprise implementations. Add the Recast Management Server component to access all Right Click Tools features.	Feb 24, 2025	Oct 30, 2024 to Nov 29, 2025	1500 devices	<a href="#">Download</a> <a href="#">Cloud</a>
Right Click Tools Community Edition	Right Click Tools Community	5.9.2502.2105	This free Community Edition offers a limited set of user and device management tools.	Feb 24, 2025	Oct 30, 2024 to Nov 29, 2025		<a href="#">Download</a> <a href="#">Cloud</a>

For installation instructions, visit the [Recast Software Help Center](#).

## Run the Right Click Tools Installer

Make sure any Configuration Manager console installed on the device is closed before opening the installer.

To install the Right Click Tools console extension, double-click the .msi file to open the Recast Console Extension installer you downloaded from the [Recast Portal](#).

### Choose Installation Type

To choose a Right Click Tools installation type, click **Right Click Tools Enterprise Standalone**. Then click **Next**.

**Right Click Tools Installation Type** 

Right Click Tools Community

Right Click Tools Enterprise Standalone

Right Click Tools Enterprise with Recast Management Server

[Back](#) [Next](#) [Cancel](#)

## Add Configuration Manager Site Information

If you are installing Right Click Tools in order to use the [browser extension](#) on a device with no ConfigMgr console installed, you will need to add site information for the Configuration Manager console in your environment.

To add ConfigMgr site information:

1. Enter the **SMS Provider** and **Site Code**.
2. Click **Test ConfigMgr Connection**.

The screenshot shows a dialog box titled "Configuration Manager Site Information". It contains an attention message: "ATTENTION: The Configuration Manager Console was not detected. Please enter and verify the information necessary to configure your Configuration Manager site." Below this is a section titled "Installing on a shared device?" with instructions: "Once the installation is complete, define the SMS Provider and Site Code for each user using the Configure Recast Console Extension application found in the Start menu." There are two input fields: "SMS Provider" and "Site Code". Below these fields are two buttons: "Test ConfigMgr Connection" and "Skip Site Configuration". At the bottom of the dialog are "Back", "Next", and "Cancel" buttons.

## Add ConfigMgr Site Information After Installing Right Click Tools

On the **Configuration Manager Site Information** page, you can choose to **Skip Site Configuration** and add the SMS Provider and Site Code after the installation completes.

**NOTE:** You'll need to provide those details before you can run any Right Click Tools action that requires ConfigMgr site information.

To add ConfigMgr site information after Right Click Tools installation:

1. Open the Windows Start menu and select the **Configure Recast Console Extension** application.
2. On the ConfigMgr tab, add the **SMS Provider** and **Site Code**. If Right Click Tools is installed on a shared device, you'll need to add ConfigMgr site information for each user of the Configure Recast Console Extension application.

The screenshot shows the "Configure Recast Console Extension" application window. It has a menu bar with "Windows Explorer", "Service Now", and "Interactive Command Prompt". Below the menu bar are tabs for "General", "Licensing", "ConfigMgr", "SQL", and "Wake On Lan". The "ConfigMgr" tab is selected. The main area contains the same text as the dialog box above: "Please enter and verify the information necessary to configure your Configuration Manager site. If this is a shared device, you must define the SMS Provider and Site Code for each user using the Configure Recast Console Extension application." There are two input fields: "ConfigMgr SMS Provider:" and "ConfigMgr Site Code:". At the bottom are "Save" and "Close" buttons.

## Import License

To download your Recast license:

1. Sign into your Recast Software account by entering your Recast Portal **Email** address and **Password**.
2. Click **Download License**. Your account's **Expiration** and **Device Count** details will appear in the right-hand column.

**TIP:** If the computer with your Configuration Manager console does not have internet access, click **Browse for License** to search the filesystem for a license file exported from the Recast Portal.

The screenshot shows a dialog box titled "Right Click Tools Enterprise Standalone". It contains a text area with instructions: "Sign in with your Recast Software account to download your Right Click Tools Enterprise license. If you do not have internet access on this computer, visit the Recast Software Portal to export a copy of your license and use the Browse for License button to add it." Below this are two input fields for "Email" and "Password". To the right, it displays "Expiration:" and "Device Count: 0". There are two buttons: "Download License" and "Browse for License". At the bottom, there are "Back", "Install", and "Cancel" buttons.

## Initiate Installation

Once you have filled in the license information, click **Install**. When the installation completes, click **Finish** to close the installer.

The screenshot shows a dialog box titled "Completed the Recast Console Extension Setup Wizard". It features the Recast logo on the left. The text reads: "Right Click Tools for Intune. You can now run Right Click Tools from Intune by installing the [Right Click Tools browser extension](#). Click the Finish button to exit the Setup Wizard." At the bottom, there are "Back", "Finish", and "Cancel" buttons.

## Silent install without Recast Management Server

If you have not installed Recast Management Server, you will need to use the `LICENSEPATH=` parameter to specify the license file to use for your installation. You can download your license file from the [Recast Portal](#) or copy it from `C:\ProgramData\Recast Software\Licenses` if you already have Right Click Tools installed on a device.

The license path can be a relative or full path.

Example:

```
msiexec.exe /i "Right Click Tools.msi" /qn LICENSEPATH=".\\License\\my.license"
```

# License Right Click Tools Standalone

After installing Right Click Tools Standalone or [upgrading to Right Click Tools Enterprise](#) from the Community Edition, you'll be asked to sign into Recast Software with your credentials. Once signed in, you can download your Enterprise license.

## Sign in to Recast

To sign in to Recast:

1. On the Recast Software sign-in page, enter your **Username** and **Password**.
2. Click **Sign In**.

RECAST SOFTWARE

## Download Your Enterprise License

You can download or copy licenses for your Recast Software products and components from the Recast Portal.

To locate your Recast licenses:

1. Log into the [Recast Portal](#) using your account credentials.
2. Click on the Download Licenses icon (the cloud) in any row to download a .zip file that contains all of your Recast licenses.

**NOTE:** For the Right Click Tools Community Edition, the Download and Download Licenses icons will only appear in the Community Edition row.

## Recast Software

This table includes the most recent Recast Software product and component versions for active Enterprise subscriptions, as well as the current Right Click Tools Community Edition version. Download the file containing all your Recast licenses by clicking the Download License icon in any row.

NOTE: To install or update Privilege Manager or Application Manager, download the newest Recast Management Server version.

Name	Subscription Type	Version	Description	Upload Date	License Timeframe	Subscription Limits	Actions

For installation instructions, visit the [Recast Software Help Center](#).

If your product licenses are not available via the Recast Portal, contact [Recast Support](#) or your CSM to have license files sent to you.

## License Right Click Tools Enterprise on a Computer Without Internet

When you initially install Right Click Tools on a computer with no internet connection, you can complete your registration via license download.

### Sign in to Recast

To sign in and download your license:

1. On the sign-in page, select **Click here for directions**.

Right Click Tools - License Required ×

#### Sign in to Recast Software

Username:

Password:  [Forgot Password?](#)

No account? [Register for FREE to use Right Click Tools \(required\)](#)

[Connect to Recast Management Server](#)

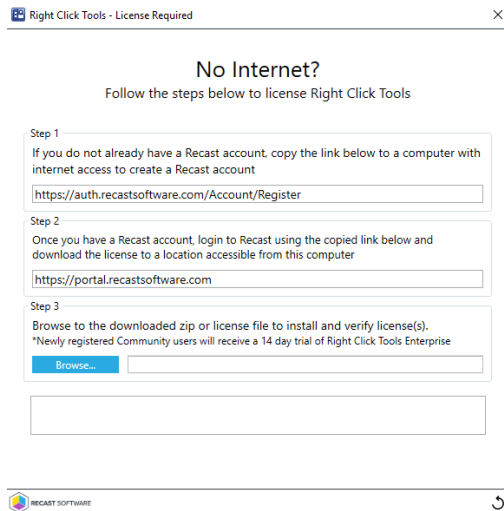

No internet? [Click here for directions](#)

2. Follow the steps outlined:

Step 1: Copy the <https://auth.recastsoftware.com/Account/Register> link to a computer with internet access.

Step 2: Log into the [Recast Portal](https://portal.recastsoftware.com). Download the license to a location that is accessible from the computer with no internet connection.

Step 3: Browse to the downloaded license file to install and verify the license.

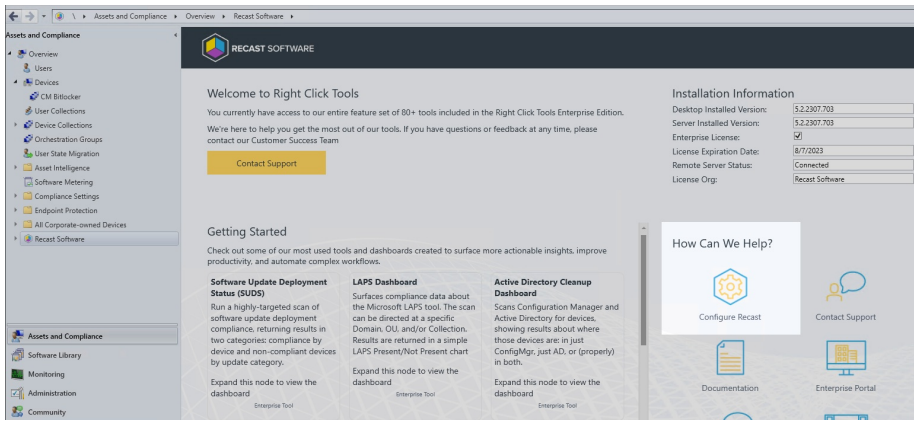

## View Right Click Tools Standalone Installation and License Details

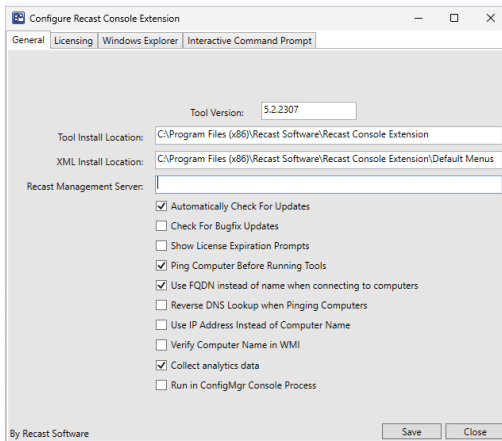

If you're implementing Right Click Tools in standalone mode, you can view installation information, as well as licensing details for all your Recast Software licenses, in the Configure Recast Console Extension application.

To open the Configure Recast Console Extension application, open the Windows Start menu and select **Configure Recast Console Extension**.

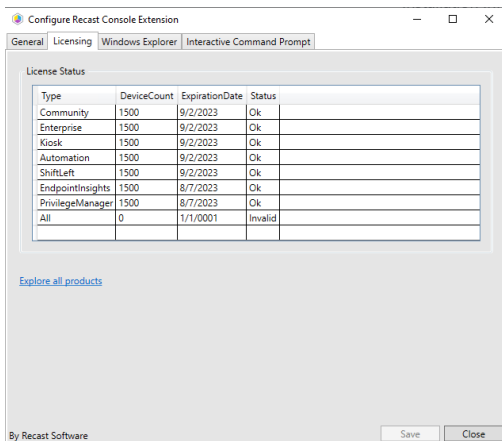

**TIP:** You can also access the Configure Recast Console Extension application from your Configuration Manager console by navigating to **Assets and Compliance > Recast Software** and clicking **Configure Recast** in the 'How Can We Help?' section.

The **General** tab displays the Tool Version and the Tool Install Location.

The **Licensing** tab displays the Device Count, Expiration Date and Status of all your Recast licenses.

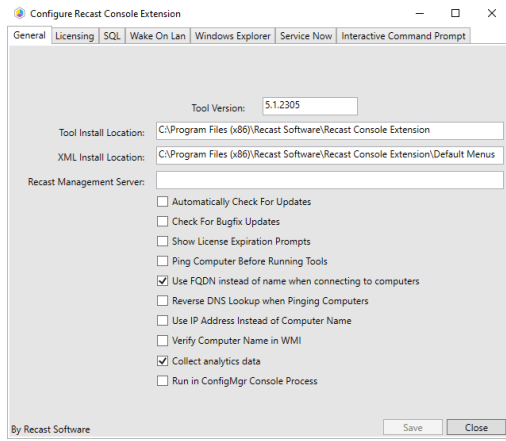

## Edit Tool Install Location

By default, your Right Click Tools are located at `C:\Program Files(x86)\Recast Software\Recast Console Extension`

You can edit the tool install location on the **General** tab in the Configure Recast Console Extension application after Right

Click Tools is installed.
