View User Profile Size

Knowing user profile sizes can help you assess whether to remove them to reclaim space.

NOTE: The Get User Profile Size action is not yet available in the Right Click Tools browser extension.

To view the user profile size:

1. Click the caret to expand a user profile.
2. Click **Get User Profile Size** in the top right-hand corner.

Delete User Profile

To delete a user profile and its associated registry key:

1. Click the caret to expand a user profile.
2. Click **Delete**.

NOTE: Clicking **Delete** removes the user profile immediately, without requiring confirmation.
