

General

Last Modified on 07.31.23

The **Client Information - General** tab displays client details including Client Version, Site Code, HTTP/HTTPS Ports, Management Point, Internet Management Point, Proxy Management Point, DNS, Server Locator Port, and GUID.

The screenshot shows the Recast Software interface. On the left is a sidebar with navigation icons for General, Components, Cache, Cache Details, Applications, Execution History, and Boundaries. The main content area is titled 'General' and contains a search bar and a 'Refresh' button. Below this is a table with the following data:

Client Version	Site Code	Devices
5.00.8913.1032	RCT	1

Name	HTTP Port	HTTPS Port	Management Point	Internet Management Point	Proxy Management Point	DNS Suffix	Server Locator Port	GUID
RECAST-DEMO-2.RECASTSOFTWARE.LOCAL	80	443	RECAST-CM1.RECASTSOFTWARE.LOCAL					GUID:67

At the bottom left is the Recast Software logo, and at the bottom right is a status indicator showing '0 Errors'.
