

Applications

Last Modified on 07.31.23

The **Client Information - Applications** tab displays applications installed on the client. The table includes details such as the Publisher, Install State, Status, Version, and Last Evaluation Date/Time.

Clicking on an application reveals the button to Install or Uninstall applications.

Name	Publisher	Version	Install State	Devices										
<input checked="" type="checkbox"/> MBAM Client September 2017 Update	Microsoft	2.5.1135.0	1 / 1 installed	1
