

View Right Click Tools Standalone Installation and License Details

Last Modified on 03.19.25

If you're implementing Right Click Tools in standalone mode, you can view installation information, as well as licensing details for all your Recast Software licenses, in the Configure Recast Console Extension application.

To open the Configure Recast Console Extension application, open the Windows Start menu and select **Configure Recast Console Extension**.

TIP: You can also access the Configure Recast Console Extension application from your Configuration Manager console by navigating to **Assets and Compliance** > **Recast Software** and clicking **Configure Recast** in the 'How Can We Help?' section.

← → ▼ 🛞 \ → Assets and Compliance →	Overview + Recast Software +
