**RECAST** SOFTWARE

Upload Licenses to Recast Management Server

Last Modified on 11.22.23

Licenses for all your Recast Software products and components are available from the Recast Portal. Downloaded licenses can then be added to the Licenses page in your Recast Management Server.

To add Recast licenses to RMS:

1. Download or copy your Recast Software product and component licenses from the Recast Portal by clicking on the cloud icon under Actions.
