

# View the Application Catalog

Last Modified on 06.18.25

The Recast Management Server **Applications** page displays Application Manager's entire catalog, as well as any [custom applications](#) you add. The applications available for you to deploy are determined by your Application Manager licensing. For more information, see [Application Manager Catalog](#).

The **Recast Catalog** tab displays AM-supported applications. The **My Catalog** tab lists your custom applications.
