

Permissions/Actions for Right Click Tools

Last Modified on 05.08.26

Each Right Click Tool requires one or more permissions to run related Recast Actions. The Recast and Microsoft permissions needed for a Right Click Tool are listed on its page in the Tools section.

For the list of Graph API permissions required to run specific Intune-focused tools, see [API Permissions by Product/Add-On](#).

For the list of permissions required to use a proxy service account for different Right Click Tools use cases, see [Proxy Permissions](#).

Full inventory of permissions connected to all Right Click Tools actions and console dashboards: [RCT Action Permissions.csv](#)
