Install Right Click Tools for Intune Enterprise Edition

Last Modified on 01.16.25

For information about browser extension requirements and functionality in Right Click Tools Community, see [Install Browser Extension for Right Click Tools Community Edition](#).

Browser Extension Requirements & Recommendations

Requirements and recommendations for installing and running the Enterprise Edition of Right Click Tools using the Right Click Tools Browser Extension:

- Version 5.8.2501 or later of the [Right Click Tools Enterprise Edition installed](#) on the device from which you will run Right Click Tools actions (required)

NOTE: Right Click Tools requires the installation of Microsoft Configuration Manager on the device from which you intend to run Right Click Tools actions.
 - Version 5.8.2501 or later of [Recast Management Server installed](#) (recommended)
 - Right Click Tools connected to Recast Management Server (recommended)
 - [Recast Agent installed](#) on the device where you want to run actions, with that device connected to the Recast Management Server (recommended)
 - [Right Click Tools browser extension added from the Microsoft Edge Add-ons Store](#)
-

Browser Extension Installation Workflow

The Right Click Tools browser extension works with both the Enterprise and Community Editions of Right Click Tools. This installation workflow is intended to guide Enterprise customers adding browser extension functionality to an existing implementation of Right Click Tools with Recast Management Server or Right Click Tools Standalone.

Recommended workflow for installing the browser extension with Right Click Tools Enterprise:

1. Make sure that the browser extension [requirements/recommendations](#) are in place.
2. Download v5.8.2501 or later of the Right Click Tools Enterprise Edition from the [Recast Portal](#).
3. Update Right Click Tools and your Recast components to v5.8.2501 or later .
4. Add updated Recast licenses to your Recast Management Server or to the Configure Recast Console Extension application.
5. Add the Right Click Tools browser extension .

Once you've completed the installation steps, you'll be able to [find your familiar Right Click Tools within Intune](#) .

For a video walkthrough of this installation workflow, watch [Right Click Tools for Intune: Install Walkthrough](#) on our YouTube channel.

Browser Extension Licensing

A Right Click Tools browser extension license is included in v5.8.2501 and later of the Right Click Tools Enterprise Edition. Right Click Tools Enterprise Legacy licenses include the browser extension functionality in the Right Click Tools Community Edition.

Enterprise Customers Running Right Click Tools with Recast Management Server

To update your current Recast licensing with a Right Click Tools browser extension license:

1. Log into the Recast Portal with your Recast Software credentials.
2. Download the Right Click Tools Enterprise Edition and the .zip file containing your Recast licenses.
3. After upgrading Right Click Tools and your Recast components to v5.8.2501 or later, navigate to your Recast Management Server **Licenses** page and click **Upload** to select the licenses you downloaded previously from the portal.

Licenses

License Type	Expiration	Status	Device Count
Community	Sunday, September 14, 2025	Ok	1500
Enterprise	Tuesday, September 2, 2025	Ok	1500
Kiosk Manager	Tuesday, September 2, 2025	Ok	1500
Automation	Tuesday, September 2, 2025	Ok	1500
Shift Left	Thursday, August 7, 2025	Ok	1500
Endpoint Insights	Saturday, August 30, 2025	Ok	1500

Application Manager	Tuesday, January 21, 2025	Expiration Pending	1000
Application Manager Enterprise	Friday, March 14, 2025	Ok	1000
Browser Extension	Sunday, September 14, 2025	Ok	1000

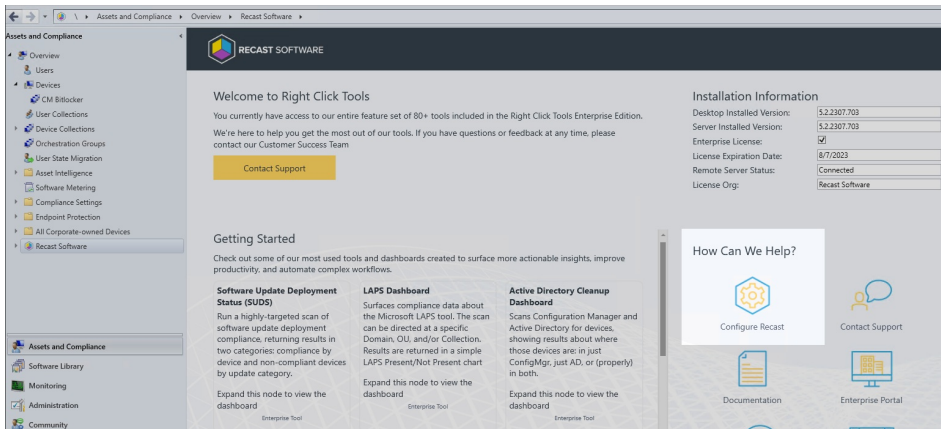

1 - 10 of 10 items

4. Manually add the browser extension license file to the RMS license folder located at `C:\ProgramData\Recast Software\Licenses` .

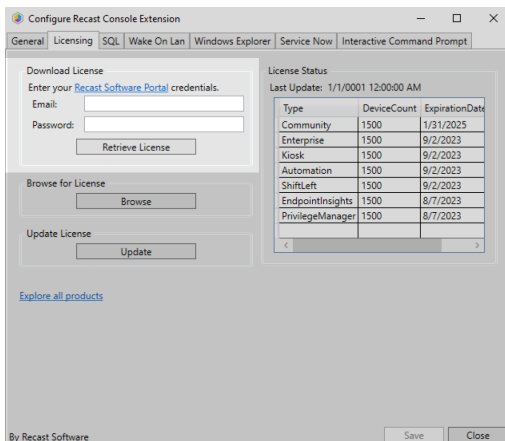

Enterprise Customers Running Right Click Tools Standalone

To update your current Recast licensing with a Right Click Tools browser extension license:

1. Log into the Recast Portal with your Recast Software credentials.
2. Download the Right Click Tools Enterprise Edition. At the same time, you can also download the .zip file containing your Recast licenses.
3. After running the Right Click Tools installer, navigate to the Recast Software node in your Configuration Manager console.
4. Click **Configure Recast** in the 'How Can We Help?' section.

5. On the **Licensing** tab, in the Download License section, enter your Recast Software Portal credentials and click **Retrieve License**.

TIP: If you previously downloaded your license from the [Recast Portal](#), you can alternatively locate it using the **Browse** function.

6. If the Configuration Manager console is open during license retrieval, restart the console.

Add Right Click Tools Browser Extension

You can find the Recast Right Click Tools browser extension in the Microsoft Edge Add-ons store.

NOTE: In organizations that restrict browser extension access, add Recast Right Click Tools to the list of allowed browser extensions.

To add the browser extension:

1. In the Microsoft Edge Add-ons store, navigate to [Recast Right Click Tools](#).
2. Click the **Get** button.
3. Confirm that you want to add Recast Right Click Tools to Microsoft Edge by clicking **Add extension**.

To make the extension visible in your browser toolbar:

1. Click the Extensions icon (the puzzle piece), located in your browser toolbar.

2. In the drop-down menu that opens, click the Show in toolbar icon to the right of Recast Right Click Tools.

With the browser extension added, you can then [find Right Click Tools within Intune](#).
