TIP: You can also access the Configure Recast Console Extension application from your Configuration Manager console by navigating to **Assets and Compliance > Recast Software** and clicking **Configure Recast** in the 'How Can We Help?' section.

2. Open the **Licensing** tab.
3. In the Download License section, enter your Recast Software Portal credentials.
4. Click **Retrieve License**.

TIP: If you downloaded your license from the [Recast Portal](#), you can retrieve it using the **Browse** function.

5. If the Configuration Manager console is open during license retrieval, restart the console.

Update a License

2. In the Update License section, click **Update**.
