

## Install and License Right Click Tools Community Edition

Last Modified on 03.10.26

### Right Click Tools Community System Requirements

These basic system requirements and permissions are needed to install the Community Edition of Right Click Tools.

#### Software

- **Microsoft Configuration Manager:** Supported versions
- **Operating System:** Microsoft-supported versions of Windows 10 and later

#### Permissions

- The user running the action in the Configuration Manager console must have Local Administrator permissions on the target device.

If Local Admin access to devices is not allowed for certain users, you'll need to install Right Click Tools with Recast Management Server and use either a Recast Proxy or a Recast Agent to run actions.

### Install Right Click Tools Community Edition

Before downloading and installing Right Click Tools Community, make sure that the basic [system requirements](#) for its implementation are met. For a video walkthrough of the steps below, see [Right Click Tools Community Course: Download & Installation](#) on Recast's YouTube channel.

If you're planning to use Right Click Tools for Intune, follow the instructions in [Install Right Click Tools for Intune Browser Extension](#) after downloading and installing Right Click Tools Community.

#### Download Right Click Tools Community

You can download the Community Edition of Right Click Tools from either the [Free Tool Download](#) page or the [Recast Community Portal](#).

Downloading from the [Free Tool Download](#) page: Complete the Right Click Tools Community form and click **Download for Free**. In response, you can expect to receive a Welcome to Right Click Tools email that includes a download link.

Downloading from the [Recast Community Portal](#): Log into the [Recast Community Portal](#) with your Recast Software credentials and click the blue Download icon for the Right Click Tools Community Edition.

Name	Subscription Type	Version	Description	Upload Date	LicenseTimeframe	Subscription Limits	Actions
Right Click Tools Community Edition	Right Click Tools Community	5.11.2509.1603	This free Community Edition offers a limited set of user and device management tools.	Sep 17, 2025	May 20, 2025 to Jun 19, 2028		 

# Recast

NOTE: To create an account and Recast credentials from the portal login page, click **Don't have an account yet?**, fill in the Create Your Account form, and click **Register**. You'll then receive an email from [registration@recastsoftware.com](mailto:registration@recastsoftware.com) containing a link to verify your account.

When installing Right Click Tools for the first time, you can **request a trial of the Enterprise tools**. Check out the **difference between the Community and Enterprise editions of Right Click Tools**.

## Run the Right Click Tools Installer

To install the Right Click Tools console extension, double-click the .msi file to open the Recast Console Extension installer you downloaded from the [Recast Community Portal](#). Make sure any Configuration Manager console installed on the device is closed before opening the installer.

## Choose Installation Type

To choose a Right Click Tools installation type, click **Right Click Tools Community**. Then click **Next**.

**Right Click Tools Installation Type**

Right Click Tools Community  
 Right Click Tools Enterprise Standalone  
 Right Click Tools Enterprise with Recast Management Server

## Add Configuration Manager Site Information

If you are installing Right Click Tools in order to use the [browser extension](#) on a device with no ConfigMgr console installed, you will need to add site information for the Configuration Manager console in your environment.

To add ConfigMgr site information:

1. Enter the **SMS Provider** and **Site Code**.
2. Click **Test ConfigMgr Connection**.

**Configuration Manager Site Information**

**ATTENTION: The Configuration Manager Console was not detected.**  
Please enter and verify the information necessary to configure your Configuration Manager site.

**Installing on a shared device?**  
Once the installation is complete, define the SMS Provider and Site Code for each user using the Configure Recast Console Extension application found in the Start menu.

SMS Provider   
Site Code

Skip Site Configuration

Back Next Cancel

## OPTION: Add ConfigMgr Site Information After Installing Right Click Tools

On the **Configuration Manager Site Information** page, you can choose to **Skip Site Configuration** and add the SMS Provider and Site Code after the installation completes.

**NOTE:** You'll need to provide those details before you can run any Right Click Tools action that requires ConfigMgr site information.

To add ConfigMgr site information after Right Click Tools installation:

1. Open the Windows Start menu and select the **Configure Recast Console Extension** application.
2. On the ConfigMgr tab, add the **SMS Provider** and **Site Code**. If Right Click Tools is installed on a shared device, you'll need to add ConfigMgr site information for each user of the Configure Recast Console Extension application.

## Import License

To download your Recast license:

1. Sign into your Recast Software account by entering your Recast Portal **Email** address and **Password**.
2. Click **Download License**. Your license's **Expiration** and **Device Count** details will appear in the right-hand column.

**TIP:** If the device on which you are installing Right Click Tools does not have internet access, click **Browse for License** to search the local filesystem for a license file downloaded from the Recast Portal.

### Right Click Tools Standalone

Sign in with your Recast Software account to download your Right Click Tools license. If you do not have internet access on this computer, visit the Recast Software Portal to export a copy of your license and use the Browse for License button to add it.

Email:  Expiration:

Password:  Device Count: 0

## Initiate Installation

Once you have filled in the necessary license information, click **Install**. When installation completes, you can click the link for [Right Click Tools browser extension installation instructions](#), or click **Finish** to close the installer.

# Recast

Completed the Recast Console Extension Setup Wizard

## Right Click Tools for Intune

You can now run Right Click Tools from Intune by installing the [Right Click Tools browser extension](#).

Click the Finish button to exit the Setup Wizard.

Back Finish Cancel

## Add Right Click Tools Community License in Configure Recast Console Extension

To add your Recast license file to the Configure Recast Console Extension application:

1. Open the Configure Recast Console Extension application by clicking the Windows Start menu and selecting **Configure Recast Console Extension**.

**TIP:** You can also access the Configure Recast Console Extension application from your Configuration Manager console by navigating to **Assets and Compliance > Recast Software** and clicking **Configure Recast** in the 'How Can We Help?' section.

2. Open the **Licensing** tab.
3. In the Download License section, enter your Recast Software Portal credentials.
4. Click **Retrieve License**.

# Recast

TIP: If you downloaded your license from the [Recast Community Portal](#), you can retrieve it using the **Browse** function.  
5. If the Configuration Manager console is open during license retrieval, restart the console.

## Update a License

If you manually copied the downloaded license file to `C:\ProgramData\Recast Software\Licenses`, clicking the **Update** button will load the newest license file in that folder without having to close and reopen the Configuration Manager console.

To update a license in the Configure Recast Console Extension application:

1. Open the **Licensing** tab.
2. In the Update License section, click **Update**.

## Upgrade to Right Click Tools Enterprise Standalone

To access the features of the Standalone Edition of Right Click Tools Enterprise, there's no need to install additional Recast components. You'll just have to download your Enterprise license.

## Download Your Enterprise License

You can download or copy licenses for your Recast Software products and components from the Recast Portal.

# Recast

To locate your Recast licenses:

1. Log into the [Recast Customer Portal](#) using your account credentials.
2. On the **Downloads** page, click to download a .zip file that contains all of your Recast licenses.

**Download Notice**  
By Downloading software from Recast you agree to our [Terms of Service](#) and [Privacy Policy](#).  
Click [Download Licenses](#) for the file containing all your Recast licenses.

## Computers with no internet connection

If the computer where the Configuration Manager is installed is without internet, you can manually download the license to a location accessible from the computer with no internet connection. You can then browse for the downloaded license via the Configure Recast Console Extension or add it manually to the Licenses directory.

To browse for a downloaded license in Configure Recast Console Extension:

# Recast

1. From the Windows Start menu, open **Configure Recast Console Extension**.
2. Click the **Licensing** tab.
3. In the Browse for License section, click **Browse** to open a dialog that links to the downloaded file.

To manually add a downloaded license to the Licenses directory:

1. After downloading the license from the [Recast Community Portal](#), copy the file to `c:\ProgramData\Recast Software\Licenses`.
  2. Restart the Configuration Manager console where Right Click Tools is installed.
-
