

Add Right Click Tools Community License in Configure Recast Console Extension

Last Modified on 03.19.25

To add your Recast license file to the Configure Recast Console Extension application:

- 1. In your Configuration Manager console, navigate to Assets and Compliance > Recast Software.
- 2. Click **Configure Recast** in the 'How Can We Help?' section.

3. Open the Licensing tab.

4. In the Download License section, enter your Recast Software Portal credentials.

5. Click Retrieve License.

TIP: If you downloaded your license from the Recast Portal, you can retrieve it using the Browse function.

6. If the Configuration Manager console is open during license retrieval, restart the console.

Update a License

If you manually copied the downloaded license file to C:\ProgramData\Recast Software\Licenses, clicking the **Update** button will load the newest license file in that folder without having to close and reopen the Configuration Manager console.

To update a license in the Configure Recast Console Extension application:

1. Open the **Licensing** tab.

2. In the Update License section, click **Update**.
