

RECAST SOFTWARE

Sync Intune App and Compliance Policy

Last Modified on 08.15.25

PLEASE NOTE: This feature appears in v2.0.0.6 of the Right Click Tools for Intune browser extension, which is currently available for Microsoft Edge. Until Recast Software v5.10.2508.1302 is released on August 20, 2025, selecting **Sync Intune App and Compliance Policy** will return a licensing error.

The **Sync Intune App and Compliance Policy** tool forces an update to the Intune policy on selected devices.

This action can be run over a Console Extension, Recast Proxy, or Recast Agent route.

This feature does not currently work in [Recast Builder](#).

Prerequisites

- [Recast Management Server installed](#)
- [Microsoft Intune Management Extension installed](#)
- [Service connection from your Recast Management Server to Entra ID \(Azure Active Directory\)](#)
- At least Recast v5.10.2508.1302 (being released August 20, 2025)
- At least v2.0.0.6 of the Right Click Tools for Intune browser extension (available now for Microsoft Edge)

To run the tool:

1. Right-click on one or [more](#) devices.
2. Select **Right Click Tools > Console Tools > Sync Intune App and Compliance Policy**.
3. Confirm that you want to run the action, which will contact the target device(s) and trigger the policy synchronization request locally.
