

Agent available

Last Modified on 04.16.26

Use the *Agent available* filter to check whether or not an Agent is available on devices. This can be useful in a situation where a web action only needs to be executed when an Agent is running.

General

Type *Agent available*

- *Yes* the Agent is available.

Enabled

- *No* the Agent is not available.

Agent

It is available on devices with or without an Agent running.
