Microsoft Store Connector

Last Modified on 2026-09-24

> This connector requires a Release and Patch Management license.

With the Microsoft Store connector, you can create Application Workspace packages that contain Appx or MSIX packages from the Microsoft Store. The connector can be configured to collect App or Fonts as ready-to-use applications within the Application Workspace for distribution.

For more information about the **Overview**, **Entitlements**, **Synchronization Profile**, **Releases** and **Managed packages** screens, see Overview.

Settings screen
