

Notepad++

Last Modified on 2026-05-21

In the Setup Store, we have two products for Notepad++:

- The one of the Don Ho manufacturer is based on the original setup you can download from the [Notepad++ website](#).
- The one of the [Notepad++ Team](#) manufacturer is based on an MSI created by Alexander Hass.

Notepad++ Team is not updated every time Don Ho releases a new Notepad++ release. Alexander Hass updates this MSI only on request. Contact [Alexander](#) for more details regarding sponsoring his project.
