

Microsoft SQL Server Management Studio

Last Modified on 04.16.26

In the case of Microsoft SQL Server Management Studio applications, the version displayed in Setup store represents the Microsoft build number as specified in the [Microsoft documentation](#).

For example

SSMS version	Build number	Release date
19.3	19.3.4.0	January 10, 2024

In Setup Store is displayed:

Product	Branch	Version	Type	Platform	Language	Manufact.	Release date	Categories
 Microsoft SQL Server Management Studio 19	SQL Server Management Studio 19 (English)	19.3.4.0	Install	Windows (x64)	English (US)	Microsoft	Thursday, January 11, 2024	 Database
