

Contacts

Last Modified on 04.16.26

The **Contacts** tab of Application Workspace allows you to easily find coworkers, and see their contact information such as:

- Name
- E-mail address
- Job title
- Manager
- Company
- Department
- Description
- Address
- Fax
- Mobile phone number
- Telephone number

Contact information dialog box

To see detailed information about one of your coworker, simply click on the image or contact information next to it.

The manager of a coworker is listed as a link in this dialog box, so you can easily access the manager's detailed contact information.

The **Manage user** and **Remote control** buttons in this dialog box are available only for users with administrator rights.
