

Flexera Snow Inventory & Matches

Last Modified on 2026-09-25

Flexera Snow Inventory tab

Displays all applications discovered in the Snow Atlas software registry.

Columns visible by default: application name, manufacturer, description, platform, and OS/bundle/hidden flags.

Use the search box to filter by any field.

Flexera Snow Matches tab

Displays fuzzy-match results between Snow Atlas applications and Zone resources.

Select rows and click **Process Selected** to create Zone packages for matched applications — Flexera Snow is a read-only inventory source, so no installer files are downloaded from Snow Atlas.

Columns visible by default: ✓ (select), Exists, Snow Name, Manufacturer, Best Zone Name, Best Zone Version, Score

Hidden columns: Platform, Reason, Zone Resource Created, Zone Resource ID
