Recast

Refresh

Last Modified on 2026-11-04

Settings that control agent refresh process behaviour.

```
{
   "refresh": {
      "manual": true,
      "interval": 3600
   }
}
```

Key	Description	Default
manual	If set to *false*, the refresh option from the icon's context menu in the system tray is hidden.	true
interval	This value represents the time interval between Application Workspace refreshes.	3600
